

# aerial angels

With some of Australia's best aerialists, our acts have wowed corporate audiences throughout Australia & internationally.

Our beautiful aerialists gracefully move like liquid on apparatus' from Silk, Lyra, Trapeze, Cloud Swing, Aerial Cube and many more.

Visually breathtaking and inspiring to the core our performers will mesmerise any audience with their elegant yet daring contortion maneuvers while suspended high in the air.

# the eclipse...

*One of Australia's only ground based aerial acts!*

*The Eclipse* is a circular truss structure with an aerial ring rigged in the centre that was designed and constructed by Aerial Angels.

It is a unique aerial act as it has been manufactured to sit on the ground, making it perfect for venues with low ceiling heights or no rigging points. It rotates 360 degrees so the entire act spins as the performers move.

It is a three or five person act with an aerialist performing from the middle and two other aerialists on the outside performing a mix of acrobatic dance and contortion.

The act is completely choreographed and is awe-inspiring in its execution.

*Eclipse* is available in a variety of themes to suit any event.

# aerial Sphere

# dancers

# Aboriginal Artists

Our Aboriginal dance troupe is an internationally acclaimed traditional/contemporary Australian Aboriginal Performance group, having toured Australia and New Zealand.

Their traditional interpretative dance routines tell stories of dreamtime and can also incorporate the didgeridoo.

# fire performers

Our elite team of fire performers are renowned for their high-impact displays of skill, visual excitement and dance combined with the energy of fire.

From solo performers to choreographed 6 person shows, these performers illuminate any event with their scorching fire spins & profound ability.

# freak Cirque

This performer is one of the world's most extreme sword swallowers and performer of fair and sideshow stunts. He is known as "The pain proof wonder", "The man with the iron stomach", and "One of the world's most bizarre human curiosities". He never fails to thrill, shock and amaze his audiences. Not only swallowing a sword all the way to the hilt, but also a glass neon tube, powered by 2000volts of electricity that shines so brightly you can see it glow red through his skin from the inside.

# grinder girl

A stylishly choreographed angle grinder act that showcases the incredible visual potential of angle grinding as sparks dance and Tiger Lilly demonstrates the potential of this awe inspiring apparatus. Grinding away at the heavy metal costumery, this talented artist is a femme fatale not to be messed with...

Requirements:

**\*\*Also available as a duo act**

- Power: Grinder Girl needs a power source to operate the grinder
- Regular power point (Australian equivalent)
- A stage area that is at least 3m x 3m in any configuration
- A wall behind or at least on one side with no people to direct sparks. If on a large stage or dance floor with band equipment set up, there must be at least 5m between performer and band equipment.
- Sufficient PA to play show music & operator
- Adequate lighting to enhance the performance. A spotlight is recommended for the first 2-3 minutes of the routine until the grinding begins where lights should be dimmed to see the full effect of the sparks.
- Technical rehearsal for performance required.

# Globe of Death

Watch as up to 3 expert stunt motorcyclists risk their lives riding in *The Globe of Death*.

Heart stopping and addictive to watch this act will astound your audiences and talk about your event for years to come!

Call the office to discuss if this act is a possibility at your next event...

# hand balance

This incredible act will leave all audiences astounded as they watch our hand balancer perform amazing feats of balance & precision.

Defying gravity atop a two metre high balance table, he performs bends & twists, displaying incredible strength & agility.

We have a select few world class performers that we can call upon for this act.

# Majestic method

Kym & Les have performed their unique Majestic performances all over the world receiving multiple standing ovations at their events.

Majestic perform an array of spectacular acts including a beautiful ground Adagio Act, Duo Lyra and Straps act. These acts display their passion for each other whilst performing intricate Adagio lifts and spins, combining the grace and beauty of classical ballet combining it with acrobatic strength moves.

*This act is truly Majestic...*

# rola bola

This spectacular Act will have the audience on the edge of their seats as the skilled performers climb

and balance into various dangerous positions including a head to head balance.

This act requires no rigging and suits both indoor and outdoor events, it can be themed for all events.

The performers are character trained have material for all occasions.

# Soul Mystique

Presenting the ancient Russian art of magical high-speed costume transformations coupled with show stopping professional Ballroom and Latin-American Dance sport.

They have captivated, mesmerised and overwhelmed audiences all over the globe with their performances from Australia, UK, USA to Europe.

Quoted as 'simply extraordinary' – they never fail to mystify, amaze and entertain their audiences.

# Sway pole

The spectacular Sway Pole will have the audience on the edge of their seats as it sways back and forth with the skilled performer at the very top in various dangerous positions including the hand balance. This act is easily rigged indoors or outdoors and can be themed for all events.

The performer is well trained and has character material for all occasions.

# the perch

A stylishly choreographed perch act that showcases the incredible strength and balance of our world renowned performers. Watch as our performer climbs to the top of the perch pole and performs mind bending feats as her partner holds the perch on his shoulder with ease in a show case of strength and agility.

# low tightwire act

This is a high impact tightwire act (2 metres high) performed again in a Blues Brothers style.

Balancing on the tightwire, he performs jumps, skips and dance moves on the tightwire, with a spin around the wire and ending with a dramatic somersault onto the floor. The tightwire is a freestanding rig that is 2 metres high.

The space required is 6.5m in length and 5 metres in width. Ceiling height minimum is 4 metres. This does not require any rigging points as it is a standalone setup. Setup time is 45 minutes and does require a 30 minute tech run.

# Water acts

Our Synchronised swimmers and dancers demonstrate their grace and appeal to the audience as they

move through the water and just at the edge with complex patterns and graceful agility.

They combine the power of a boxer, the flexibility of a gymnast, the artistic expression of a ballerina, and the aerobic conditioning of a distance runner with synchronisation unseen in any other sport.

Two gorgeous model/acrobats effortlessly float on the water encased in life sized bubbles adding an artistic flair to this already breathtaking show!
